

Trip report related to SCCI Scientific Permit #1010

Byers Cave

April 8, 2018

11 a.m. – 1:30 p.m.

Kirk Zigler, Lam Ngo

We only visited the upper chambers of the cave.

Collections:

Ptomaphagus fiskei (8 observed, 5 collected)

Additional observations:

Eurycea lucifuga (n=1 observed)

Perimyotis subflavus (n=10)

Neotoma (minimal scat)

Heleomyzid flies (n=100+)

Meta ovalis (n=50+)

Liocranoides sp. (n=2)

Bishopella sp. (n=2)

Entomobryid springtails (n=25+)

Staphylinid beetles (several dead)

This was the only cave trip we undertook related to permit #1010.
